

98th Division (Training)

COMMANDERS

CONFERENCE

NOVEMBER

1982

Nothing would be done at all if a man waited until he could do it so well that no one could find fault with it...

FORWARD -----

This year's Fall Commander's Conference comes at a time when our role and responsibilities as leaders of American soldiers become increasingly important. We must recognize that our present defense strategy is dependent upon rapid mobilization of Reserve forces, capable of early deployment anytime, anywhere. Readiness is critical. Herein lies our primary objective as Commanders, that of providing our troops with positive leadership, sound resource management, and aggressive, innovative training to improve our readiness posture.

The goal of the Army is a disciplined, well-trained and physically fit force equal to the challenges of the 1980s. This critical decade calls for full preparation in peacetime toward a real and visible military readiness if we hope to preserve this nation and its values. Readiness is critically important to deterrence and to our war fighting capability.

Today the 98th Division stands high in strength, training, organization and readiness. We enjoy an enviable reputation. Good as the Division is, we have a lot of work to do, simply because that is the nature of the Reserve. The demands of family, job, civilian interests and constantly changing doctrine and technology make attainment and maintenance of individual and unit readiness a difficult, demanding and continuing challenge.

The information and guidance provided you this weekend is designed to follow up on the Unit Status Report Briefings in September and the Army Readiness & Mobilization Region I Conference last weekend to bring you up-to-date on the status of the Division and your units, where we are now, where we are going, and how we get there. Training Year 1983 will be filled with challenges and opportunities. We must maximize our resources with particular emphasis on mutual cooperation and the placing of increased responsibilities on our Junior Officers and our Non-Commissioned Officers. The Battalion Training Management System (BTMS) and the Non-Commissioned Officer Development Program, (NCOBP), which includes "Sergeants" Business, provide the mechanism and philosophy we need. They are paramount to readiness improvement from the Commander to the Squad Leader.

Our ultimate goal is Mobilization Readiness. By sharing our ideas through continuous dialogue and cooperation, by establishing and aggressively pursuing attainable goals, and by maintaining and reinforcing our commitment to excellence, we will achieve the readiness we seek.

NORBERT J RAPPL
Major General-USAR
Commander

How do things get to be late?

19 October 1982

SUBJECT: OVERVIEW OF THE 98th DIVISION EQUAL OPPORTUNITY PROGRAM

I. MISSION: To carry out the Equal Opportunity and Affirmative Action program established by the Department of the Army and the 98th Division.

II. METHOD OF OPERATION:

1. We receive EO guidance and material from the Department of the Army and FUSA. In addition, the Equal Opportunity representative from FUSA visits our office at least once a year to inspect and revise our program and make suggestions for improvement.
2. We publish the Affirmative Action Plan (AAP) for the Division and model it after the FUSA AAP. Each Major Subordinate Command is required to establish its own AAP tailored for its own particular composition, mission, etc.
3. During the last three years ten Division members have attended the Defense Equal Opportunity Management Institute (DEOMI). New personnel recently assigned to full time EO slots in the Division will be urged to attend this school during the 1982-83 fiscal year.
4. Division EO personnel are available throughout the year for assistance and advice in HR/EO matters.

FACT SHEET

AFKA-GCD-GA

ACTION OFFICER: CPT Cottier
TELEPHONE: 716-338-7400, X215
DATE: 15 Oct 1982

SUBJECT: The Officer Personnel Management System (OPMS)

PURPOSE: To provide a general description of and to relate the intentions of OPMS

FACTS:

1. The Officer Career Management Program and OPMS are designed to provide an assignment oriented Officer Management Program to develop qualified officers to meet requirements for mobilization, to enhance officer professionalism and to provide officer job satisfaction.
2. It is the intention of OPMS to:
 - a. Maintain current information on Division officers and unit positions.
 - b. Determine the career assignment needs of officers and the next deserved assignment.
 - c. Forecast position vacancies to allow for timely replacement selection actions and program the next assignment for the incumbent officers.
 - d. Coordinate assignment opportunities.
 - e. Select the "BEST QUALIFIED" officer to fill the position vacancy.
3. An officer aspiring to a successful career must be aggressive in perfecting performance and in acquiring the necessary education and experience required in his/her specialties.
4. OCMP is an assignment oriented program and does not deal with promotion. Officer rotation and assignment is dependent upon Division requirement and then individual officer qualification, needs and preference.
5. A 98th Division (Tng) Regulation is currently in draft form which prescribes policies and procedures for implementing and maintaining the OCMP and OPMS within the Division. It is expected that this regulation, after staffing and approval, will be distributed to the field by 17 November 1982.

FACT SHEET

FACT SHEET

AFKA-GCD-GA

ACTION OFFICER: CPT Cottier
TELEPHONE: 716-338-7400,X215
DATE: 19 Oct 1982

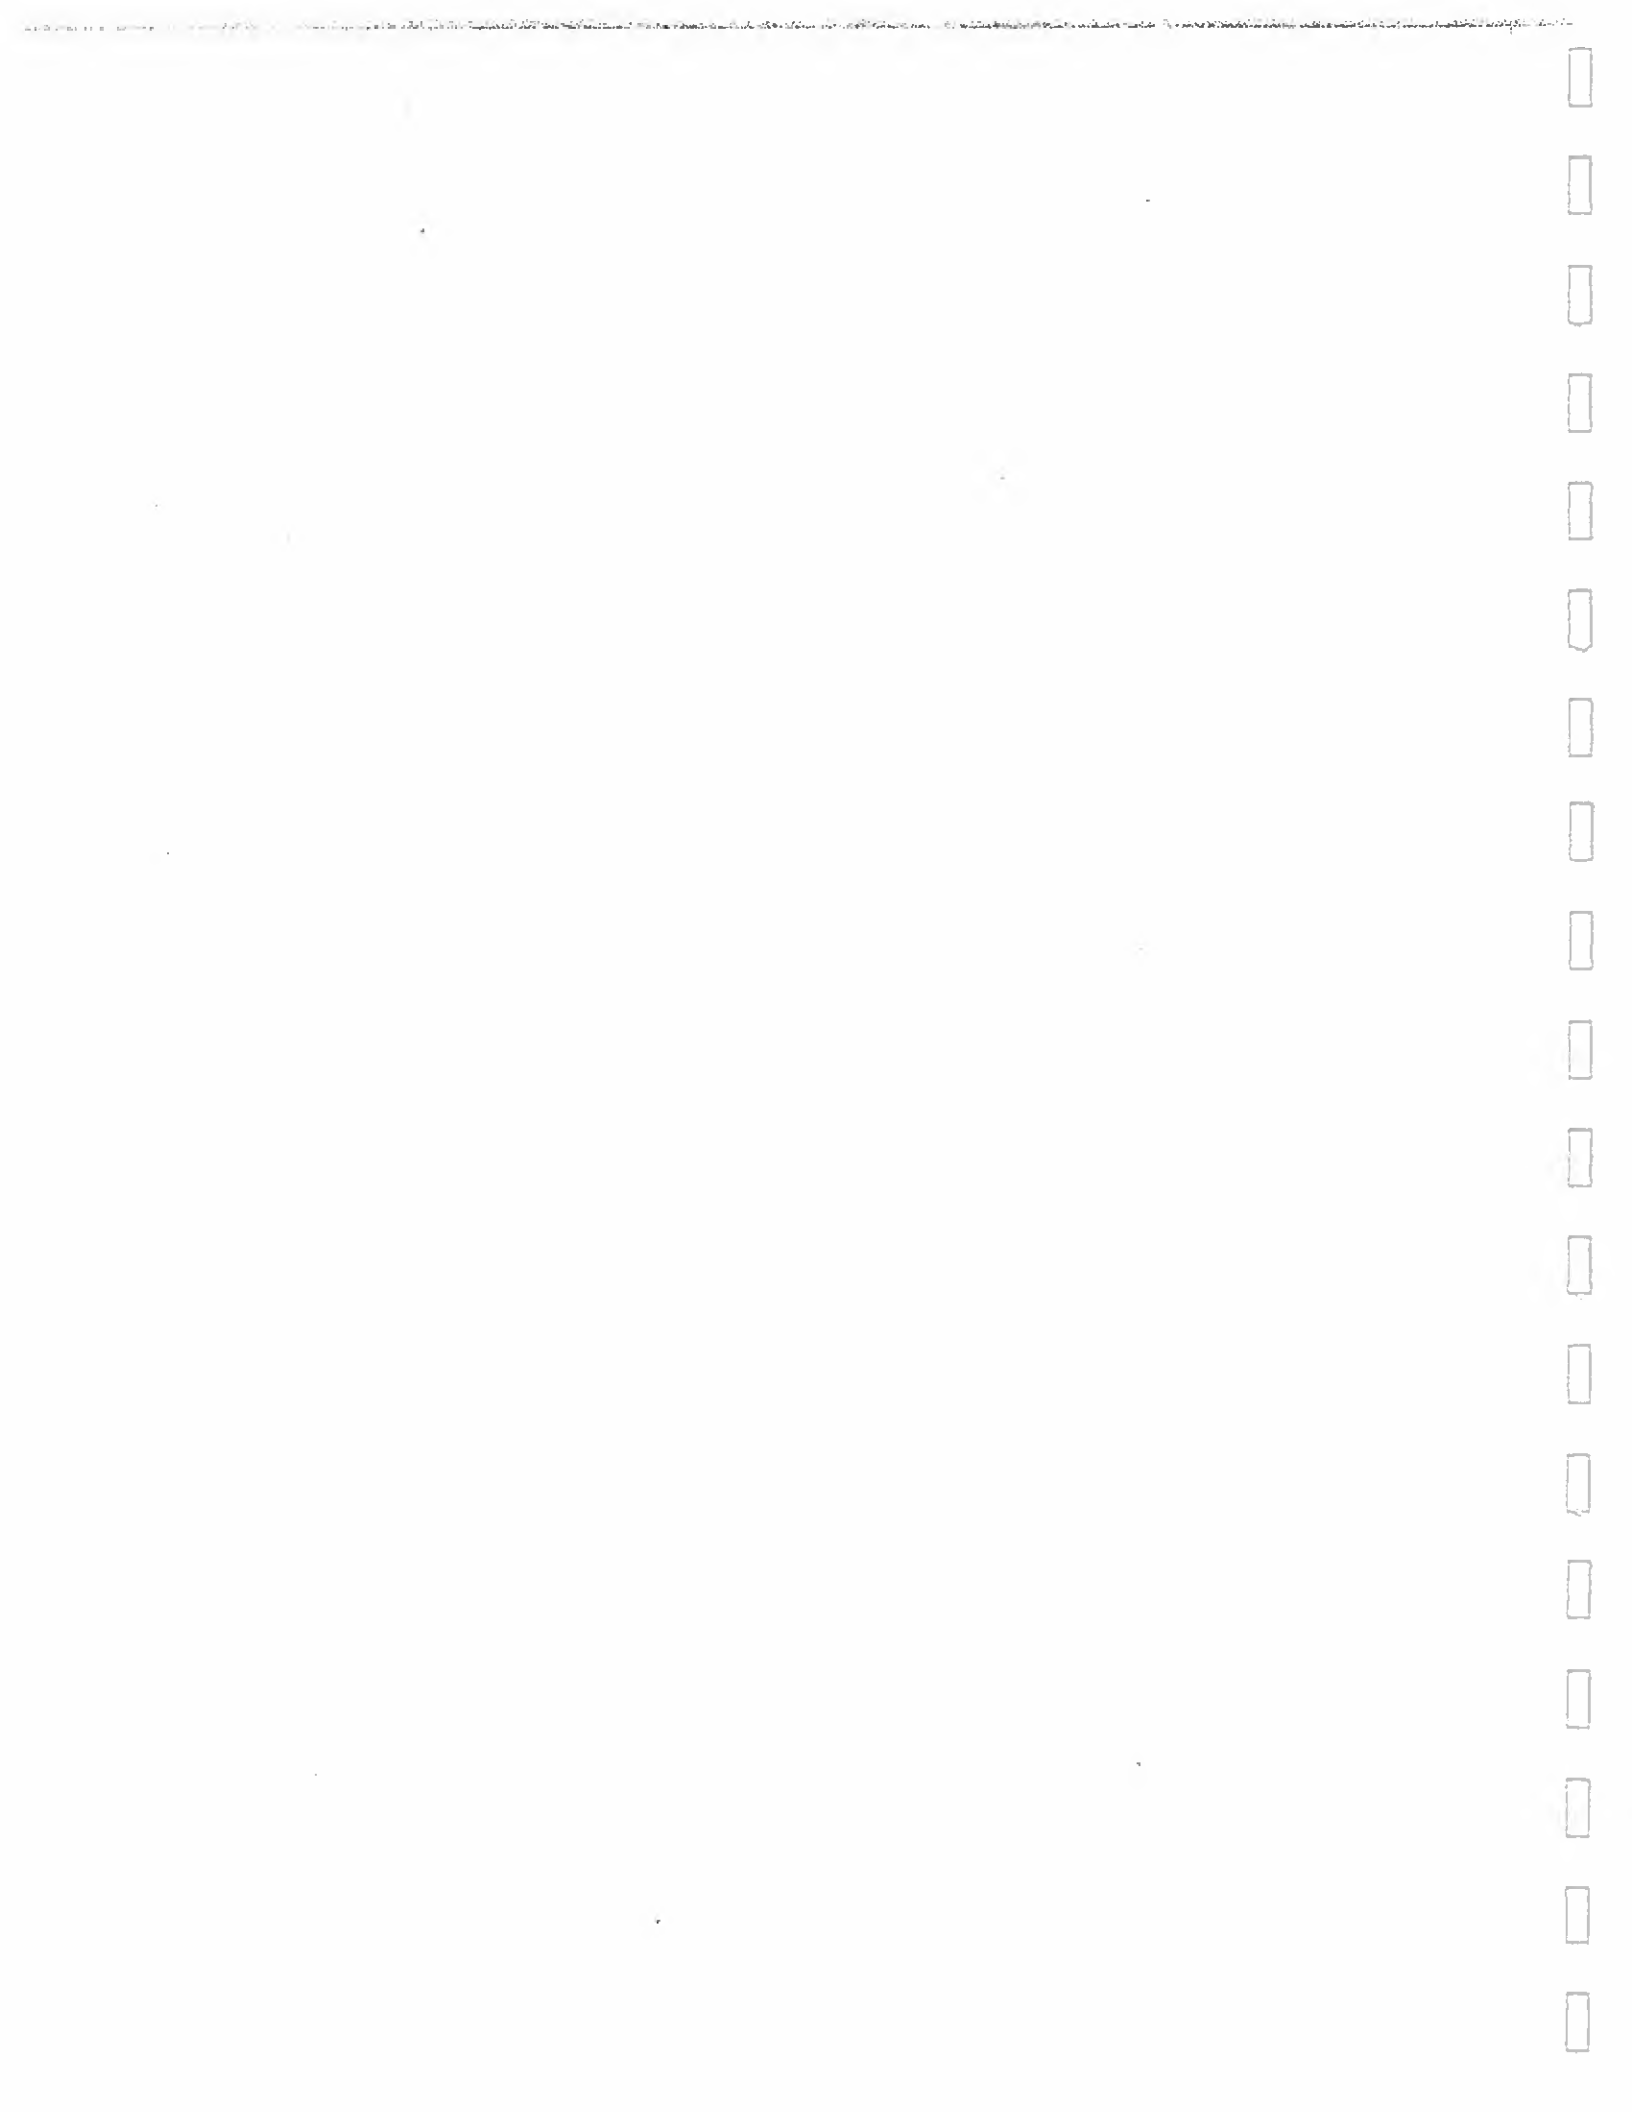

SUBJECT: Officer Personnel Management System (OPMS)

PURPOSE: To provide information regarding the 98th Division Officer Career Management Program (OCMP) and to relate the intentions of OCMP within the 98th Division

FACTS:

1. At present, there exists no system that provides for the ACoFS, G1 to track or control officer assignments/reassignments so that logical career progression is assured for 98th Division officer personnel.
2. A 98th Division regulation has been drafted to prescribe policies and procedures for implementation of the 98th Division OCMP. It is now being staffed.
3. The objectives of OCMP within the 98th Division are:
 - a. Develop a data base containing current information on division officers and unit positions.
 - b. Determine career assignment needs of officers and the next deserved assignment.
 - c. Forecast position vacancies to allow sufficient time for replacement selection actions, and program the next assignment for the incumbent.
 - d. Coordinate assignment opportunities with the command coordinator, OPMS USAR at RCPAC and appropriate personnel managers.
 - e. Select the BEST QUALIFIED officer.
4. The 98th Division OCMP will require all proposed officer assignments/reassignments to be submitted to the ACoFS, G1 for concurrence or approval as appropriate, enabling the G1 to have current data on officer assignments, strength, vacancies and losses. With this data, current information can be provided to the Command Group as required.
5. This program will not take the decision making authority out of the hands of Battalion or Brigade Commanders but rather monitor that process and provide assistance and guidance as necessary.
6. Brigade and Battalion S1 personnel will be instructed in the processes necessary to implement and sustain this program and will then educate officers in their command of the parameters of OCMP.

FACT SHEET

AFKA-GCD-GA

ACTION OFFICER: MAJ Cox
PHONE: 338-7400, X215
DATE: 19 October 1982

SUBJECT: Preparing Individual Replacements for Oversea Movement (POR)

PURPOSE: To enlighten commanders of the need to improve soldier personal readiness

FACTS:

1. Recent POMEX exercises have identified the need to "get well" in this area.
2. Division circular 350-1 contains a directive for units to process for overseas replacement/movement every soldier within six months of his assignment (or completion of AIT) and sustain annually.
3. To direct POR qualification is not a panacea for total soldier readiness. However, to recognize the need exists for POR qualification, to prepare the soldier and his family for mobilization, and to do those things required in AR 612-2 to put the soldiers personal affairs in order is significant. A soldier who knows his personal affairs are in order will be an effective soldier, his mind uncluttered by worry.
4. DA Form 613 is a complete checklist for POR (TAB A). At TAB B is a POM packet for Fort Leonard Wood. POM packets may vary between installations. At TAB C is a draft POR checklist from a recent POMEX.
5. Upon mobilization, installation commanders are responsible for providing administrative and logistical support to organization commanders in preparing personnel for overseas movement. Organization commanders are responsible to insure compliance with AR 612-2 and the POR qualification of individuals in their units.
6. Discussion of this topic with unit adjutants is encouraged. Comments are solicited. Non-organic units should inquire through their CAPSTONE alignments requirements. All units need to be aware of their mobilization station requirements.

SECTION III - STATEMENT BY THE PERSONNEL OFFICER

The above named individual has been processed for overseas movement in accordance with AR 612-2. The checkmarks entered in Column A signify that the individual possesses the qualifications and that required actions have been accomplished. The personnel records checked in Column A are present as required, and are accurate and current.

DATE: 19 October 1982

SUBJECT: Weight Control

PURPOSE: To provide information regarding the control and reporting procedure of the Weight Control Program established in 98th Division SOP

FACTS:

1. MSC are not consolidating reports before forwarding to this headquarters.
 - a. 1AA Form 179R Quarterly Form
 - b. 1AA Form 180R Monthly Form
2. Forms are not being sent NLT the fifteenth day of the month following each reporting period.
3. No reports are being received from some MSC.
4. Some units are still reporting on a monthly basis, 1AA Form 180R, those individuals who are no longer 31 pounds over the weight standards.
5. Requests for height/weight waivers do not follow the outline established in the SOP. The latest request for waiver had a completely different 1AA Form 180R than the one that had been submitted to this headquarters on a monthly basis.

AFKA-GCD-GA

ACTION OFFICER: MAJ Cox
TELEPHONE: 338-7400, X215
DATE: 19 Oct 1982

SUBJECT: Unit Status Reporting - Personnel

PURPOSE: To apprise commanders of the need for accurate reporting and the need for personal involvement of the unit adjutant in preparing the quarterly Unit Status Report (USR).

FACTS:

1. The unit adjutant should personally monitor those areas reported in the personnel portion of the USR. Basically, these areas are strength and availability.
2. Utilizing the Personnel Readiness Worksheet at TAB A, the personnel status of a unit can accurately be obtained for filling in the USR DA Form 2715 and 2715-1. It is recommended that units monitor monthly their status based on the worksheet.
3. The unit's personnel objective is to achieve their authorized level of organization (ALO) as designated from the MTOE. The yardstick for measuring this objective is required strength against availability as outlined in AR 220-1.
4. The base document driving the personnel portion is the DA Form 1379, maintained current on 1AA Form 143. By applying the availability criteria found in Appendix C, AR 220-1 within the framework provided in the personnel readiness worksheet, an accurate unit personnel readiness condition (REDCON) can be obtained.
5. A great loss of manhours results from faulty preparation of the personnel REDCON in the following areas:
 - Required and authorized strengths incorrect.
 - Mathematical errors in computing percentages.
 - The number of nonavailable personnel plus those available does not equal the number assigned.
 - Format error in the PSPER comment card. Data fields for numerical entries must be completely used to include 0 (i.e. 0049).

1 Incl
TAB A - Personnel Readiness Worksheet

FACT SHEET

SUBJECT: Personnel Readiness Worksheet

1. Attached is the 98th Personnel Readiness Worksheet. The data required for the personnel portion of the USR can be accurately obtained by filling out this worksheet before filling in the DA Forms 2715 and 2715-1.

2. The following are mandatory entries on DA Form 2715-1:

a. PSPER entry:

(1) DATE

(2) REQ (OFF)/(WO)/(E5-E9)/(E1-E4) Fill in all Data field spaces

(3) AUTH " " " " " " " " " " " "

(4) ASGD " " " " " " " " " " " "

(5) AVAL " " " " " " " " " " " "

(6) FEM ASGD " " " " " " " " " "

(7) PREG " " " " " " " " " "

(8) FTM ASGD

(9) Remarks when rating is below ALO

(10) NONAVAL (LP)/(AWOL)/(ASNJ)/(HOSP)/(MP)/(LV:TDY)/(ASEP)/(PREG)/
(TNG)/(ETS)/(OTHER).

This entry consists of 11 numerical entries.

b. MSPER entry:

(1) DATE

(2) MOS SHRTG (MOS)/(AUTH)/(ASGD) up to a maximum of 10.

c. SGPER:

(1) DATE

(2) SGPER (E5-E9) in descending order: (grade)/(auth)/(asgd).
(WO)/(auth)/(asgd).
(OFF) in descending order: (grade)/(auth)/(asgd).

3. Points to remember:

a. Include the remark FTM ASGD in the PSPER entry, even if there are none assigned. If there are none assigned, indicate by Ø.

SUBJECT: Personnel Readiness Worksheet (Cont'd)

b. When determining non-available personnel by category on the worksheet, be careful not to count people twice. For instance, do not count an unsatisfactory participant in the "pending administrative separation" category and in the "other" category. Count unsatisfactory participants only in the "other" category.

c. Assigned strength includes personnel carried on a separate TDA providing full-time Reserve Component support who will mobilize with the unit.

d. If the personnel rating is not 1, be sure to enter the code in Section B, blocks 23-25, DA Form 2715, which shows the main reason why not.

e. Be sure to forward 1AA Form 143, Unit Manning Chart, with the completed worksheet and DA Forms 2715 and 2715-1.

f. Available strength figures reported on USR should not reflect nonmobilization assets. USAR Commanders are required by AR 135-133 to continually screen their personnel to insure that all individuals who are not mobilization assets are immediately transferred to the control group or discharged.

g. ROTC/SMP members will not be reported on USR.

4. POC this headquarters for the personnel portion of the Unit Status Report is MAJ Cox, FTS 963-6465/6469, ext 215, or commercial 716-338-7400, ext 215.

DISPOSITION FORM

For use of this form, see AR 340-15, the proponent agency is TAGCEN.

FACT SHEET

AFKA-GCD-AG

Action Officer: CW4 Hultman
Telephone: 716-338-7400 x227
Date: 12 October 1982

SUBJECT: Implementation of Maximum Years of Service Program

PURPOSE: To inform Commanders of the implementation of the Maximum Years of Service Program.

FACTS:

1. Reference: 1A Circular 135-9, 16 February 1982.
2. On 1 July 1982, all E9 personnel assigned to a Troop Program Unit (TPU) who have or will have completed 35 years of service (YOS) on or before 1 July 1983 were reported to RCPAC for assignment to the Individual Ready Reserve (IRR) for consideration for assignment to Mobilization Designation positions. Reassignment of affected E9 personnel will begin 1 January 1983. Assignments will be completed by 15 January 1983 or within 15 days of the date on which 35 YOS is completed.
3. Military Personnel Records Jacket (MPRJ), with a completed DA Form 4651-R for affected E9 personnel, will be forwarded to arrive at 98th Division Headquarters, ATTN: AFKA-GCD-AG, NLT 9 November 1982, or 25 days prior to completion of 35 YOS after 1 January 1983.
4. The policy announced by the CG, 98th Division (Training) is that waivers will be considered only when the individual is absolutely essential to the unit's mobilization capability, and the request is forwarded with complete documentation and justification. The Commanding General will forward to higher headquarters only those requests which fulfill the above requirements. Any request for waivers will be forwarded to reach this headquarters, ATTN: AFKA-GCD-AG, NLT 105 days prior to scheduled removal date.

Telephone: 716-338-7400 x227
Date: 5 October 1982

SUBJECT: Enlisted Promotion Boards

PURPOSE: To inform Commanders of recurring deficiencies in promotion requests.

FACTS:

1. The following deficiencies in recommendations for promotion occur frequently:

a. Requests not submitted on DA Form 2496 (DF).

b. DA Forms 3355 not completed correctly:

(1) Exceeding maximum points allowed per section.

(2) Not totaling points correctly (bad math).

(3) Not listing all awards or listing them incorrectly.

(4) Not crediting Certificates of Achievement.

(5) Incorrectly awarding points for military education.

c. Not submitting requests for change of MOS (Form 98-R) when required.

d. Requests for change of MOS submitted with no proof of training or training is insufficient for individual's skill level.

e. Requesting unauthorized waivers.

2. Recommendation: Commanders should review packets submitted for Enlisted Promotion Board consideration to reduce deficiencies. Individuals not eligible or not deserving promotion should not be processed, while those eligible and deserving are entitled to having a well-prepared packet represent them to the Board. Packets received on soldiers not eligible for promotion will be returned without board consideration.

Date: 5 October 1982

SUBJECT: Enlisted Evaluation Reporting System (EERS)

PURPOSE: To inform Commanders of changes in the Enlisted Evaluation Reporting System.

FACTS:

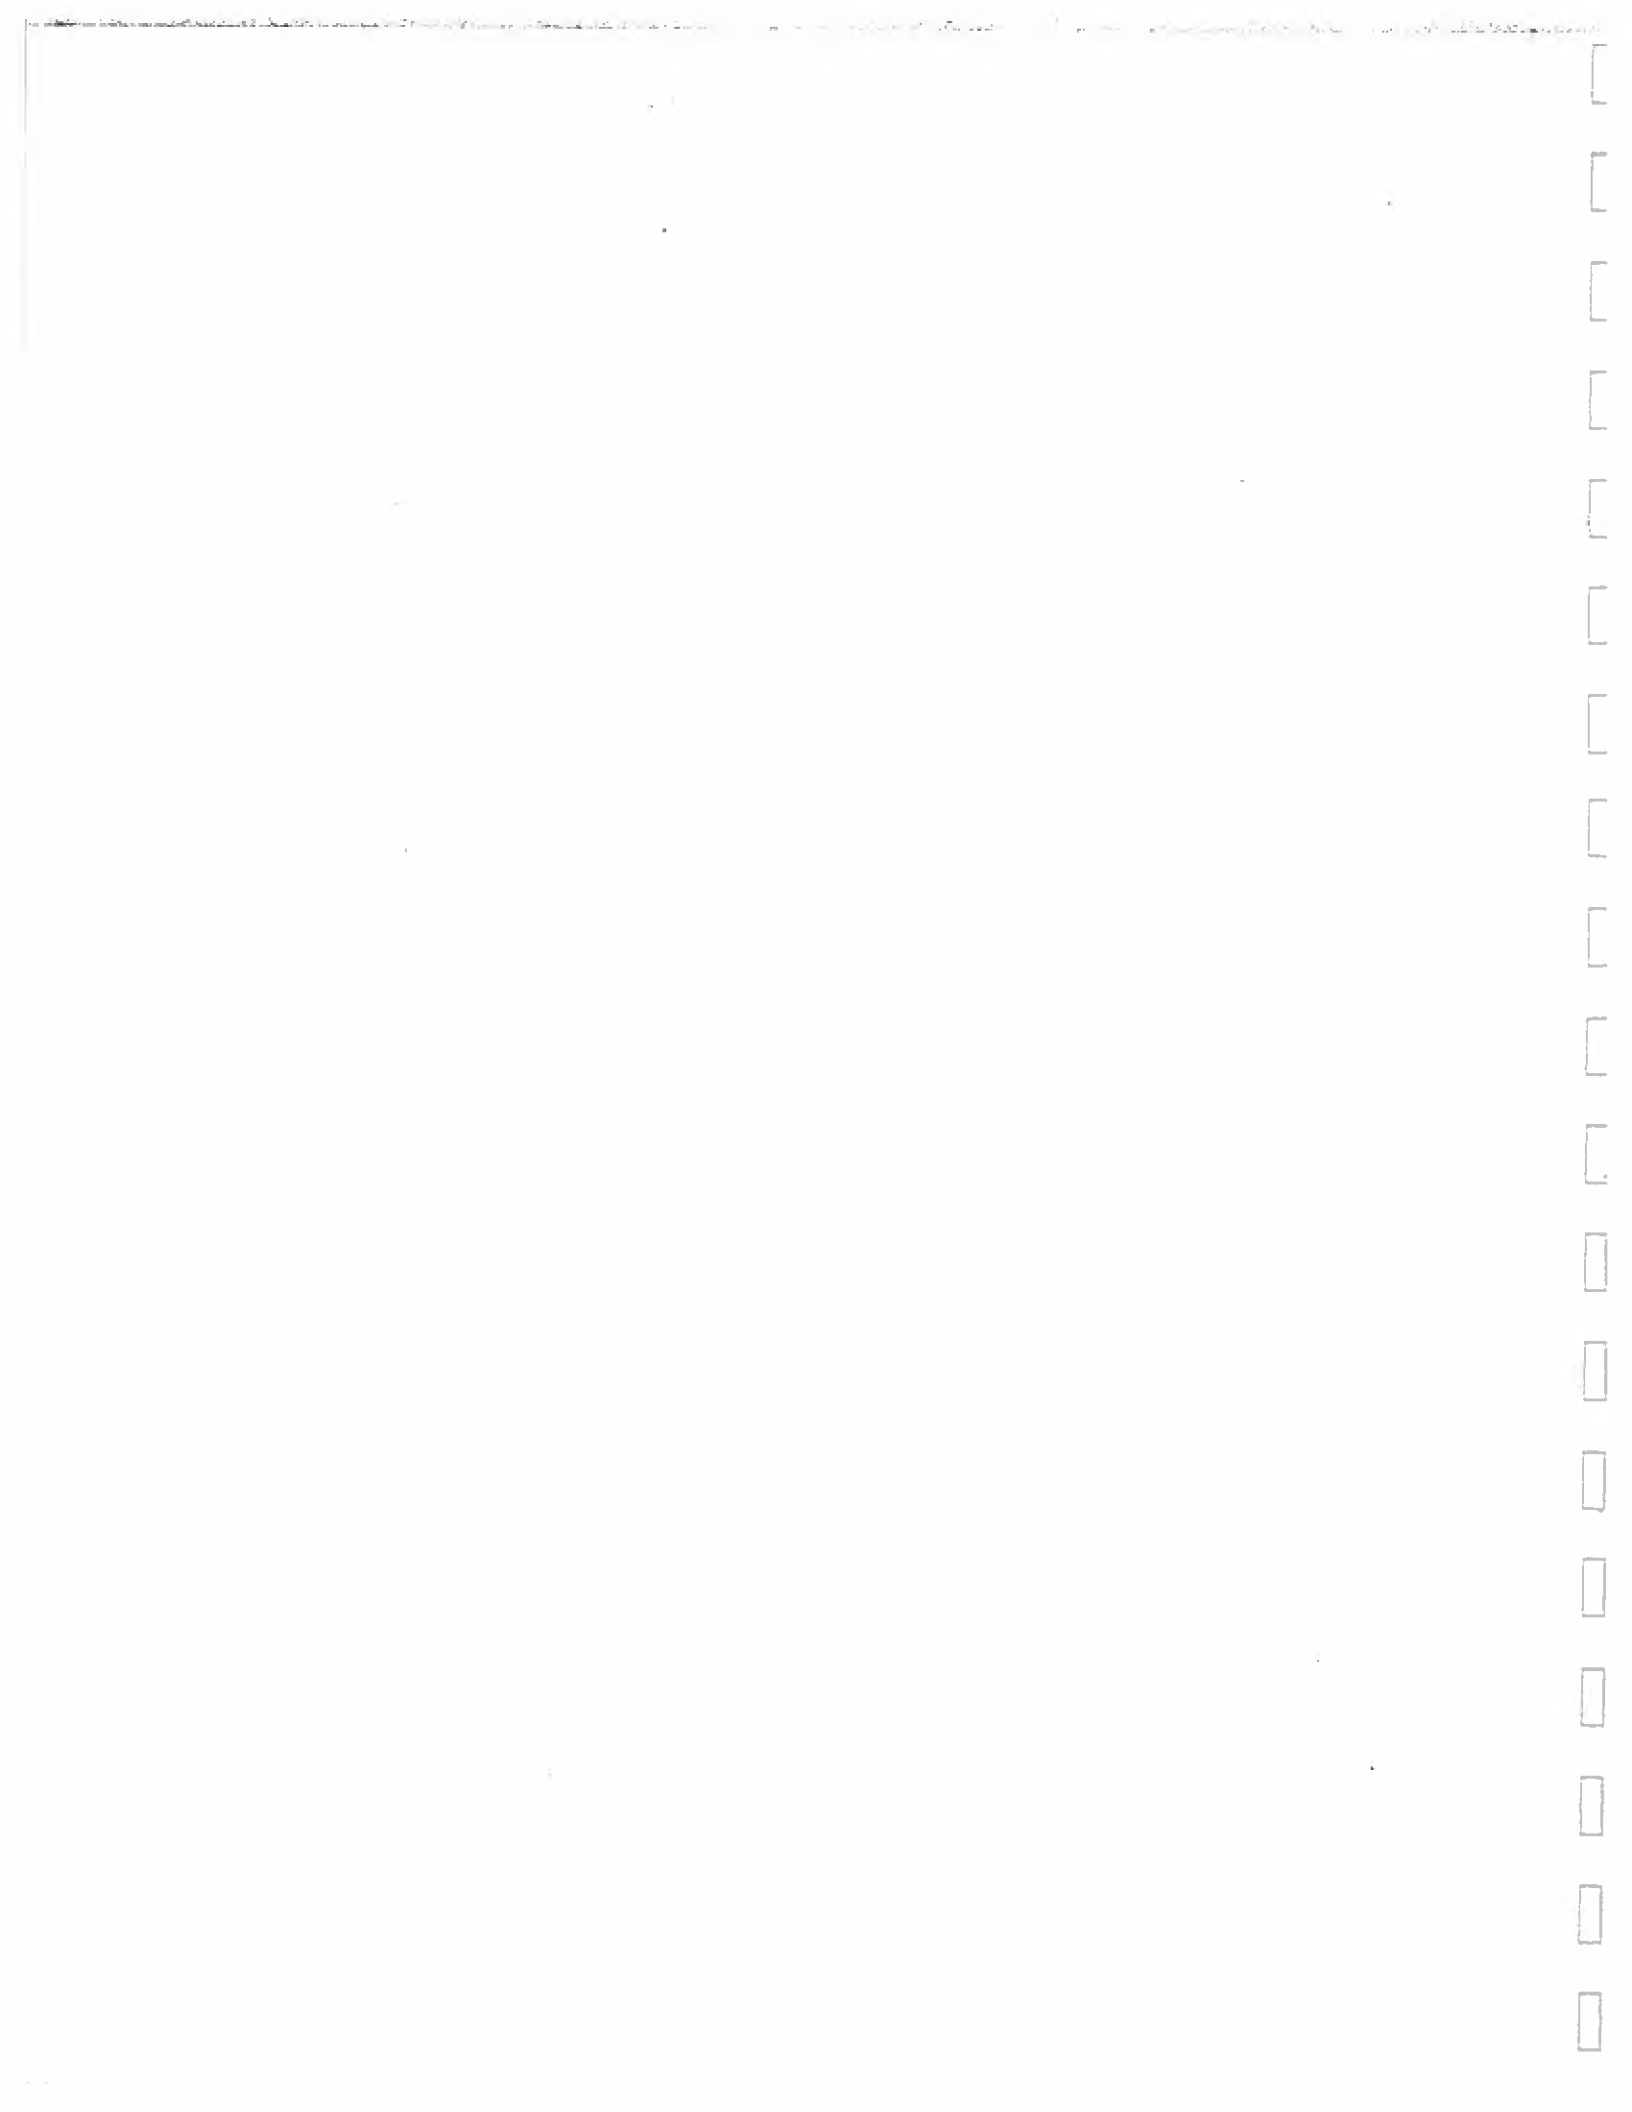

1. AR 623-205 has been in effect since 1 October 1981.
2. Letter, AFKA-GCD-AG, Headquarters, 98th Division (Tng), 14 August 1981, Subject: Implementation of DA Form 2166-6 (Enlisted Evaluation Report) on 1 October 1981, outlined the significant changes found in AR 623-205.
3. The 98th Division (Tng) SOP, Section I, Annex BB (Enlisted Evaluation Reporting System (EERS)) implemented the recent changes, including the EER Scan and a Consolidated Report, into the operations of the Division.
4. Increased importance is placed on narrative sections of evaluation reports. Enlisted reports are developed along similar lines to the Officer Evaluation Report.
5. Reports submitted in compliance with para 7(c), Annex BB, are noted in Inclosure 1 to this fact sheet. Results show that consolidated reports of late EER submission are not being submitted to the Div CSM as required.

FACT SHEET

FACT SHEET

AFKA-GCD-AG

Action Officer: SFC Sauers
Telephone: 716-338-7400 x229
Date: 12 October 1982

SUBJECT: Unit Vacancy Promotion

PURPOSE: To provide Commanders/S-1's information regarding the submission of Unit Vacancy Promotion Packets

FACTS:

1. On 17 August 1982, a letter was sent to all commanders, Subject: Unit Vacancy Selection Board, 1 November 1982, stating requirements for the November Board and composition of packets for future boards. Items to be included in U/V packets are:

a. DA Form 2464-R will be the transmittal document. (Original is attached to the recommended officer's packet, and a copy attached to all other packets.)

b. Inclosure 1: Original DA Form 4935. (Must not be dated more than 180 days prior to the convening date of the Board.)

c. Inclosure 2: DA Form 2 and DA Form 2-1 (Copies).

d. Inclosure 3: Copy of Initial Appointment Letter.

e. Inclosure 4: Copy of latest Promotion Letter.

f. Inclosure 5: Copy of Highest Military Education Certificate.

g. Inclosure 6: Current Photograph (taken within 90 days and with current height, weight, date, and officer's signature on reverse side of photo).

h. Inclosure 7: Current Height/Weight statement signed by the commander (within 90 days).

i. Inclosure 8: Recapitulation of Retirement Points for the past 3 years.

2. In processing packets for the November 1982 Board, the following common deficiencies were noted:

a. Packets arriving after published suspense dates.

b. DA Form 4935 (RCPAC Fill Statement) missing or out-dated.

c. Numerous missing documents (i.e., Appointment letters, promotion letters, etc.).

d. Height/Weight statements not signed by the commander.

FACT SHEET

FACT SHEET

AFKA-GCD-AG
SUBJECT: Unit Vacancy Promotions

12 October 1982

e. Photos missing or data on reverse side not entered.

3. Although most of the discrepancies were corrected prior to submission to First Army, it is the responsibility of the unit having the vacancy to review these packets for accuracy and completeness. All commanders submitting officers for consideration have an obligation to insure that packets are complete when forwarded to the unit having the vacancy. Incomplete packets cause excessive delays, and may affect an officer's opportunity for promotion.

4. For planning purposes, the following information is furnished regarding Unit Vacancy Promotion Boards for Calendar Year 1983.

<u>BOARD CONVENING DATE</u>	<u>PACKETS DUE AT FIRST ARMY HQ</u>	<u>PACKETS DUE AT 98TH DIVISION (TNG)</u>
7 March 1983	21 January 1983	21 December 1982
5 July 1983	20 May 1983	20 April 1983
7 November 1983	23 September 1983	23 August 1983

FACT SHEET

FACT SHEET

AFKA-GCD-AG

Action Officer: CW4 Hultman
Telephone: 716-338-7400 x229
Date: 1 October 1982

SUBJECT: Processing Unsatisfactory Participants

PURPOSE: To inform commands of current procedures for disposition of Unsatisfactory Participants.

FACTS:

1. Effective 1 August 1982, authority for reduction and transfer of unsatisfactory Participants was delegated by First US Army to Commander, 98th Division (Training). From that date until 1 September, 103 actions were received for processing. The tabulation at Appendix A outlines the number of actions received during two time periods and indicates the number of Unsatisfactory Participants reported on the Unit Readiness Report dated 1 April 1982.

2. The table below indicates the status of these actions:

42	-	awaiting receipt of Commanders statement (1st Ind) of delivery/non-delivery of orders prior to forward to RCPAC.
13	-	Returned to units for corrections of discrepancies.
3	-	Discharge request to 1A.
9	-	Forwarded to RCPAC.
36	-	In process.
103	-	TOTAL

3. The five most common administrative discrepancies in submitted actions are a follows:

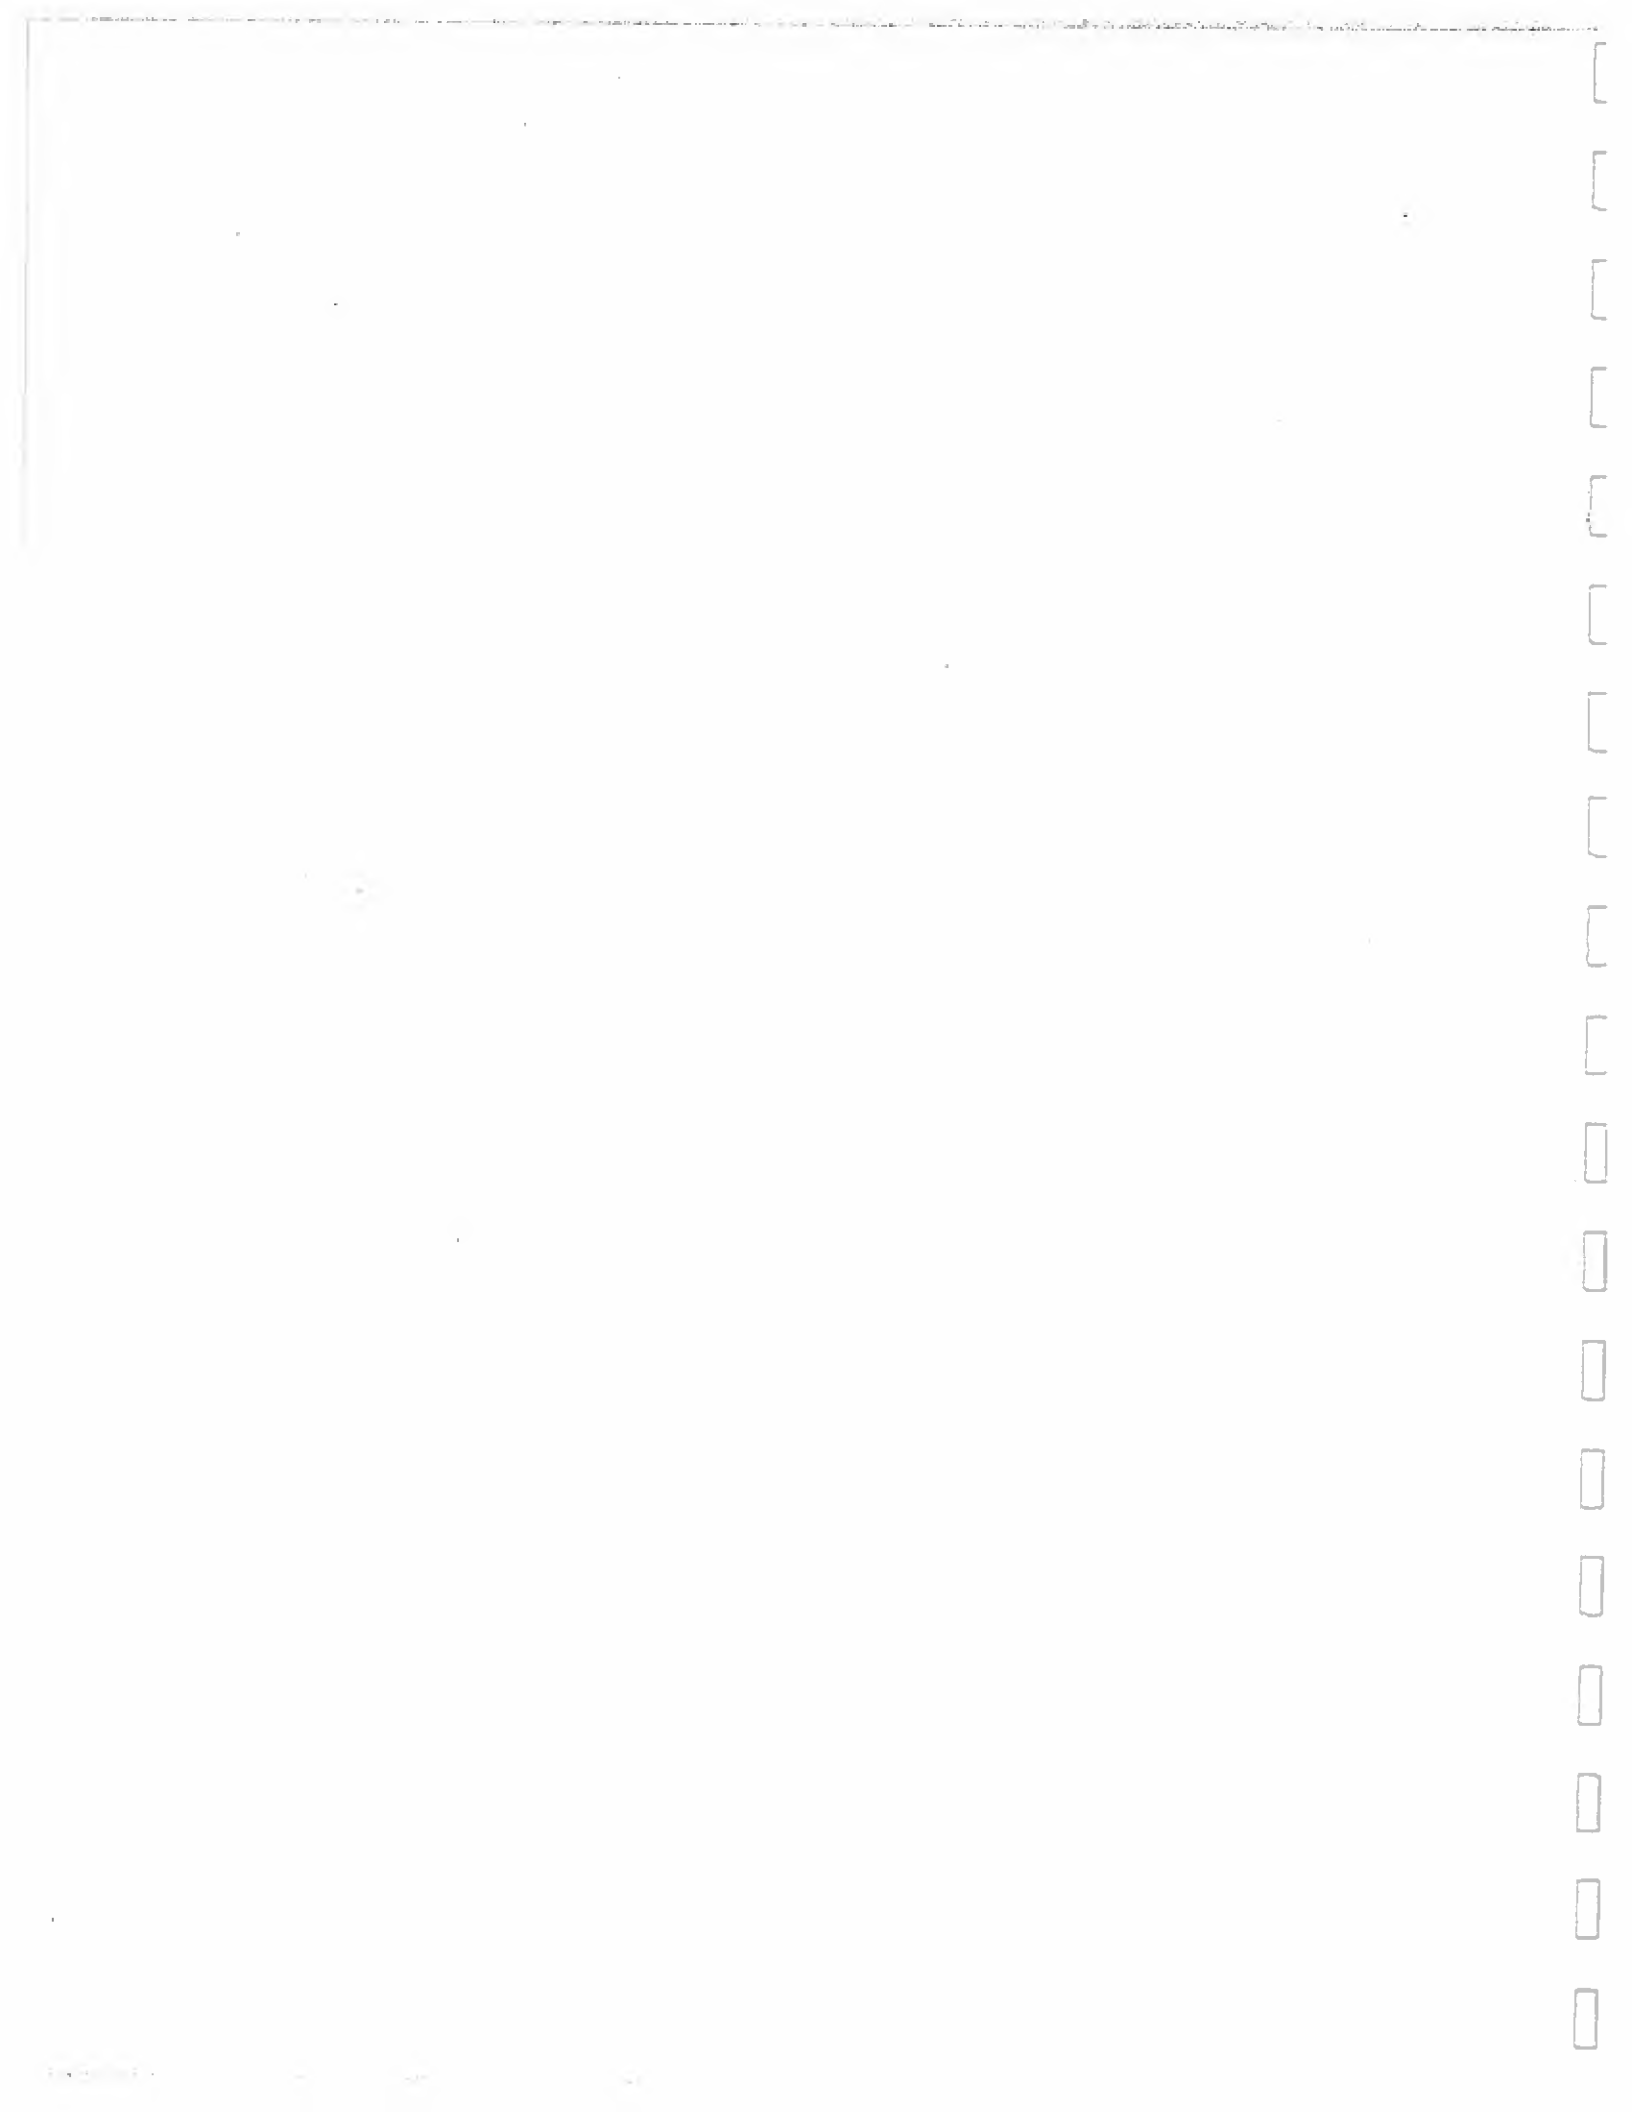

- a. Unauthorized reductions in grade of rank.
- b. Missing Health Records.
- c. Missing DA 3593 - Retirement Points Cards.
- d. Missing DA Forms 2 and 2-1.
- e. Missing Commanders statement of case review and lack of cogent reasons for absences.

Date: 12 October 1982

SUBJECT: Officer Evaluation Reports (OER's)

PURPOSE: To provide Commanders/S-1's an update on the FY-82 performance in submitting OERs within required guidelines.

FACTS:

1. Division policy specifies that OERs must be received at the AG NLT 40 days after the close-out date. First US Army requires that OERs be received at RCPAC NLT 91 days after the ending period of the report.
2. The 98th Division (Tng) Goal is that no more than 20% of all OERs submitted to Division AG will be late and that no more than 10% of all OERs submitted to RCPAC will be late.
3. Inclosure 1 contains the FY-82 statistics by Major Subordinate Command. Inclosure 2 depicts the Division's performance in submitting OER's. In reading inclosure 2, the top number is the number of OER's submitted, the bottom number indicates the number late to the Division, and a circle number indicates numbers late to RCPAC.
4. During FY-82 the goal of 10% or less late rate to RCPAC was met every quarter. Correspondence from First Army notes the improved late OER rate and indicates that the 98th Division (Tng) has the lowest late OER rate in ARMR 1, and is among the lowest in the entire First Army Area.

FACT SHEET

AFKA-GCD-GB

LTC STEPHENS
338-7400 x 220
12 Oct 82

SUBJECT: Information Security Program (AR 380-5)

PURPOSE: This fact sheet is prepared for distribution to commanders at the 98th Division Fall Commanders Conference, 13-14 Nov 82

FACTS:

1. Section 2, Chapter IV, AR 380-5, and Annex EC, 98th Division (TNG) SOP furnish specific guidance for safeguarding and reproduction of classified information.
2. Chapter VIII, AR 380-5, and Annex EC, 98th Division (TNG) SOP furnish specific guidance for the transmission of classified information.
3. Recent incidents involving improper handling and transmission of classified information have resulted in possible compromise of such information.
4. Unit Security Managers down to and including Company level must review the provisions of AR 380-5 and 98th Division (TNG) SOP to ensure proper procedures are practiced and enforced.

FACT SHEET

AFKA-GCD-GB

LTC STEPHENS
334-7400 x 220
12 Oct 82

SUBJECT: Operations Security (OPSEC)

PURPOSE: This fact sheet is prepared for distribution to commanders at the 98th Division Fall Commanders Conference, 13-14 Nov 82

FACTS:

1. AR 530-1 (U) dtd 1 May 78 requires that all units down to Battalion level appoint an officer in writing with an additional duty as OPSEC Officer, and further stipulates certain responsibilities to be accomplished by this officer.
2. In the course of G-2/PM Inspection Visits, it has been noted that the majority of applicable units had an appointed OPSEC Officer, but that few of these individuals were knowledgeable of their responsibilities or had on hand necessary publications, such as AR 530-1, 1A Cir 380-1, FORSCOM Suppl 1 to AR 530-1, TC 3024, and TC 100-1.
3. Increased emphasis must be given to improving OPSEC awareness in all subordinate units. See Annex EI, Section II, 98th Div SOP. An Annual Report is required by Annex "B", 1A Reg 380-1 (OPSEC Implementation) ATTN: AFKA-GCD-GB not later than 1 June each year.

SUBJECT: Acquisition and Storage of Information Concerning Non-Affiliated Persons and Organizations (AR 380-13)

PURPOSE: This fact sheet is prepared for distribution to commanders at the 98th Division Fall Commanders Conference, 13-14 Nov 82

FACTS:

1. This headquarters is required by AR 380-13 to submit an annual report 1 September each year of compliance by all units with the provisions of the regulation.

2. Annex E-H, Section II, 98th Division SOP requires each major subordinate headquarters to appoint an officer with the additional duty to ensure compliance with the provisions of AR 380-13. In addition, this officer is required to submit a report to this headquarters, ATTN: AFKA-GCD-GB, NLT 15 Aug annually, to verify such compliance by all appropriate subordinate units.

MAJ SCHRODER
338-7400 x 221
12 Oct 82

SUBJECT: Checklists - Physical Security & Safety

PURPOSE: To provide guidance to commanders in reviewing their physical security and safety posture

FACTS:

1. Physical Security and Safety Checklists for this command have been updated, and the revised editions will be given to you during your G-2 briefing at the Commanders Conference.
2. These checklists are meant as aids to the commander in reviewing his units' status as to physical security and safety.

FACT SHEET

AFKA-GCD-CR

Action NCO: SFC MALCOLM
Telephone: X257
Date: 5 Oct 82

SUBJECT: FY 83 Selective Reserve Incentive Program (SRIP)

PURPOSE:

To update the Command Group on changes for the FY 83 SRIP Bonus Program

FACTS:

1. All organic units, and the 969th Maintenance Company, were changed from SRIP designated units (all MOS's eligible) to critical skills MOS's only.
2. All non-organic units from the 359th Signal Group and 1209th USAG have been changed to SRIP designated units (all MOS's eligible) except for the 425th and 454th MI Detachments.
3. The USAR Schools were not changed for FY 83.
4. Telephonic coordination was made with the Major Subordinate Commands on September 22nd and 24th in reference to the above changes. All have responded that they understand, and have passed all changes on to subordinate units. The OR will follow up with written guidance.

SUBJECT: FY 82 Strength Maintenance Program

PURPOSE:

To update the Command Group of FY 82 Strength Maintenance Program and the FY 82 goals.

FACTS:

1. During FY 82, the Assigned Strength of this Division increased 4.1%, from 90.3% to 94.4%. This represents an increase of 350 individuals. See Tabs A-D.
2. Careerist retention rate for FY 82 was 85.1% (goal-80%) representing the reenlistment of 720 of 846 eligible individuals. See Tab E.
3. First Term retention rate for FY 82 was 54.5% (goal-50%) representing the reenlistment of 182 of 334 eligible individuals. See Tab F.
4. Attrition rate for FY 82 was 28.7% (goal-27%). See Tab G.
5. IRR rate for FY 82 was 11.5% (goal-8%). See Tab H.

FACT SHEET

AFKA-GCD-GC

Action Officer: 2LT Robson
Telephone: Ext 238
Date: 13 October 1982

SUBJECT: USR Report Errors (15 October 1982 USR Report)

PURPOSE: To inform Major Subordinate Commands about recurring USR errors common to 98th Division units.

FACTS:

1. Following are major recurring errors:

a. G1 section of report:

- (1) PSPEER Cards - Format and data incorrect.
- (2) Assigned strength incorrect, authorized strength incorrect, and nonavailable personnel incorrect.

b. G3 section of report and common information:

- (1) Ready cards MAE % not included or boxes should be blank.
- (2) Letters of transmittal not signed by Company Commanders/no downgrade instructions.

c. G4 section of report:

- (1) ERRAT cards incorrect.
- (2) ESRAT cards missing.
- (3) Equipment status section 8 of 2715 KAI card incorrect.

2. These errors result in lost time to both Division and unit personnel, in correction.

3. Commanders should assure these reports are correct before they leave their headquarters.

FACT SHEET

AFKA-GCD-GC

Action Officer: SGM Marean
Telephone: Ext 234
Date: 13 October 1982

SUBJECT: Division NCOES Program

PURPOSE: To provide an update on the status of the NCOES Program within the Division as currently reported.

FACTS:

1. The current status of NCOES, as reported, is shown on the attached.
2. Data has been extracted from that provided by Commanders at the USR Briefing on 25-26 September 1982. When not available, the data provided at the YTP Briefing held on 11-12 September 1982 was used. If neither was available, it is shown as unknown (UNK).
3. The data can be used to compare a unit's progress or compliance with established goals.

FACT SHEET

AFKA-GCD-GC

Action Officer: CPT Tsibulsky
Telephone: Ext 234
Date: 13 October 1982

SUBJECT: USAR School Completion Report for TY 82

PURPOSE: To report the USAR School completion rates for TY 82.

FACTS:

1. The data shown on the attachment is taken from the final USAR School completion reports for TY 82. The data is shown as a group of three numbers. The first number indicates the number of personnel enrolled, the second is the number who completed the course, and the third is the number dropped for non-attendance. An example 12/10/1 indicates that 12 people were enrolled, 10 completed, and 1 was dropped for non-attendance. In this example, one other person did not complete due to a reason other than attendance.
2. No attendance problems were reported to this headquarters during the training year, although it is obvious from the reports that a considerable attendance problem did exist.
3. Especially noteworthy are the number of personnel dropped from NCOES courses due to attendance problems. During TY 82, 236 personnel were enrolled in and failed to complete an NCOES course, 149 of these due to attendance problems.
4. Any blank areas indicate that the unit had no students/classes during the training year. This is important in the NCOES area in that there are no correspondence courses, unit schools, etc., that an individual can take. NCOES is only available through the USAR Schools during IDT or the FUSA NCO Academies during the AT period. Quota to the NCO Academies is so limited that a unit should not depend upon it solely.

REMARKS:

FACT SHEET

AFKA-GCD-GC

Action Officer: MAJ Wooding
Telephone: Ext 232
Date: 13 October 1982

SUBJECT: Physical Fitness

PURPOSE: To prescribe Army Physical Readiness Testing (APRT) requirements effective after 1 October 1982.

FACTS:

1. All personnel under the age of 39 will participate in the three-event APRT (run, situps, pushups), unless excused for medical reasons. Anyone with a profile of 3 or 4 in the P, H or C position of their physical profile will not participate in testing until screened by the Division Surgeon.
2. All personnel age 40 or over will participate in the two-mile run if medically screened within six months of the test date.
3. All personnel age 40 or over that have not been medically screened will continue to participate in the four-mile march, in the times established for their age group.
4. All testing will be conducted in an annual training status.
5. Collective physical fitness training will only be conducted in an annual training status, and then only if personnel meet medical screening requirements.
6. Personnel will be encouraged to develop and participate in individual physical fitness programs.
7. Division SOP Section III, Annex JAA, prescribes specific guidance for the conduct of physical fitness testing and training.

Date: 14 October 1982

SUBJECT: 98th Division (Training) Command Weapons Listing and FY 83/84 Ammunition Allocation.

PURPOSE: To provide the Major Subordinate Commands a current list of authorized weapons and an advanced allocation of ammunition for FY 83 and FY 84.

FACTS:

At inclosure 1 is a listing of weapons authorized by unit and a recap of weapons by Major Subordinate Commands. Also shown is an advanced allocation of ammunition for weapons qualification for FY 83 and FY 84. Other ammunition such as demolitions and pyrotechnics will be allocated when FORSCOM/First Army allocation is received.

FACT SHEET

AFKA-GCD-GC

Action Officer: MAJ Brochu
Telephone: Ext 235
Date: 14 October 1982

SUBJECT: 98th Division (Training) Special AT Courses

PURPOSE: To provide the Major Subordinate Commands quotas and concept of the TY 83 and TY 84 98th Division (Training) Special AT Courses.

FACTS:

1. During the periods 13-27 Aug 83 and 11-25 Aug 84, the 98th Division (Training) will be conducting a First Army/TRADOC approved Training Course at Fort Drum, NY.
2. Course quotas by Major Subordinate Commands are listed at Inclosure 1 and 2.
3. The course conducted at Fort Drum will be scenario-oriented in a 90% field environment. Soldiers attending the course will eat, sleep, and live in the field approximately 10 of 14 days with no time off for a middle weekend.
4. One of the most difficult and important aspects of the course will be the selection of those who will attend. Because the course will be both demanding and rewarding, only highly motivated and deserving individuals should be considered. Nominations for attendance will be made by unit First Sergeants. Final selections will be made by the first Command Sergeant Major in the chain of command. AT missions must be considered during the selection process.
5. Prerequisites for attendance are as follows:
 - a. Be in pay grade E1 thru E7.
 - b. Have a duty MOS in the course being conducted.
 - c. Attendance will be as alternate AT.
 - d. Be in good physical condition.
6. Applications of individuals selected to attend will consist of documents listed below. They will be forwarded to this Headquarters, ATTN: AFKA-GCD-GC, no later than 1 April 1983/84. Each Major Subordinate Command will insure packets are complete and properly filled out.
 - a. DA Form 1058 (98th Division overprint) - 2 copies.
 - b. Form 98-19 (98th Division manday space order) - 1 copy.
 - c. Mailing Label, Form 9-1 - 2 copies.
7. Points of contact this headquarters are:
 - a. SGM McCarthy, telephone 716-338-7400/237.
 - b. SFC Eccles, telephone 716-338-7400/235.

FACT SHEET

AFKA-GCD-GC

Action Officer: MAJ Bruce Davis
Telephone: Ext 236
Date: 13 October 1982

SUBJECT: Update on Mobilization Planning

PURPOSE: To inform the Major Subordinate Commands on (1) mobilization planning to date, (2) what to expect in TY 83, (3) alert requirements, (4) RC Unit Commanders' Guide for Mobilization, and (5) a member/dependent information packet being published.

FACTS:

1. The 98th Division (Training) Mobilization Plan, dated 25 August 1982, has been approved for use by ARMR I. All units have been sent copies to incorporate in their mobilization files.
2. Items to be incorporated during TY 83 include FORSCOM Regulation 55-1, Unit Movement Planning, dated 1 May 1982, and the RC Unit Commanders' Handbook dated 5 August 1982 (see 4 below). More emphasis on actual exercising of the mobilization plan should be incorporated into unit Two Year and One Year Plans. The Division is scheduling mobilization workshops for all units in this fiscal year, dates to be announced.
3. Commanders are reminded that two test alerts are scheduled per year. One is called by ARMR I and the other by 98th Division (unless directed otherwise by this headquarters). A written report is required to be submitted to this headquarters, ATTN: AFKA-GCD-GC, within 30 days after the tests.
4. Volume III, Part 3, RC Unit Commanders' Handbook of the FORSCOM Mobilization and Deployment Planning System (FORMDEPS), dated 5 August 1982, has been sent to units for incorporation in their mobilization files. This document rescinds AR 135-300 and incorporates into one source numerous mobilization requirements which are applicable to all RC units.
5. A packet for reservists and their dependents, providing information pertinent to mobilization, is being drafted. It is scheduled to be published and distributed to all units by 31 March 1983.

FACT SHEET

AFKA-GCD-GC

Action Officer: LTC Ferris
Telephone: Ext 230
Date: 13 October 1982

SUBJECT: Communications Security (COMSEC)

PURPOSE: To provide the current status of COMSEC accounts within the 98th Division (Training)

FACTS:

1. The Army's main objective is the total encoding of all communications except those transmitted over approved circuits. Units which are authorized COMSEC equipment must be capable of obtaining COMSEC material.
2. Since July 1982, several letters were published by this headquarters to provide each unit that is authorized COMSEC equipment, with detailed instructions on establishing COMSEC accounts.
3. In response to one follow-up letter that was sent to Headquarters, 359th Signal Group and Headquarters, 1209th US Army Garrison on 7 July 1982, all units that require security containers for their authorized COMSEC equipment have submitted requisitions for those containers with the following exceptions:
 - a. 309th Ordnance Company.
 - b. 962d Ordnance Company.
4. At present, only the 359th Signal Group and the 98th Signal Battalion headquarters detachments possess COMSEC accounts. On 14 September 1982, this headquarters published a letter instructing all units that are to establish COMSEC accounts to forward their completed paperwork to this headquarters NLT 15 October 1982. Once these units receive their security containers, they will notify this headquarters who, in turn, will forward their requests for accounts to FUSA. The units designated by this headquarters to establish COMSEC accounts are the 464th Engineer Battalion, 479th Engineer Battalion, the 300th Ordnance Battalion, and the 332d Ordnance Battalion.
5. ARMR I will host a two-day training seminar for COMSEC custodians at Fort Devens on 30-31 October 1982. Four personnel from this headquarters, to include the Division Signal Officer and the Division Signal NCO, will attend.
6. This headquarters submitted a request for an administrative COMSEC account to FUSA on 7 September 1982.
7. For an overview of the current status of COMSEC within the 98th Division, see inclosures 1, 2 and 3.

Date: 14 October 1982

SUBJECT: DRAFT AT 84 Schedule

PURPOSE: To provide Major Subordinate Command proposed AT 84 schedule.

FACTS:

1. At Inclosure 1 is a draft schedule of AT 84. Units should review this proposed schedule and provide the action officer listed above with any comments and/or potential conflicts NLT 30 November 1982.
2. Units without dates or locations listed for AT 84 will provide recommendations to the action officer NLT 30 November 1982.

Action Officer: MAJ Bills
Telephone: Ext 234
Date: 6 October 1982

SUBJECT: BTMS Sustainment and Reinforcement

PURPOSE: To report the current status of BTMS programs within the command

FACTS:

1. BTMS sustainment and BTMS implementation are separate subjects and must be treated as such.

a. BTMS sustainment refers to the training of newly assigned personnel who are not familiar with the program. BTMS sustainment may also refer to the training of those personnel who have been promoted or moved into positions requiring a more thorough knowledge of a higher level workshop.

b. BTMS implementation refers to a unit, any size unit, and its actual fulfillment in the accomplishment of the BTMS principles.

2. The sustainment of BTMS training may be accomplished as follows:

a. RG Seneca has included BTMS in its SAMP program. Units may request a specific workshop and have it presented at their USAR Center during a regularly scheduled drill or any other time.

b. The proper BTMS workshop is included in the POI of each NCOES course presented by the USAR Schools. BNCOC and PNCOC include TW, ANCOE includes PTW, and SNCOC includes the TSW.

c. The officer advance course presented by the USAR Schools includes the PTW in Phase IA and III. The C&GS program does not include a BTMS workshop.

3. The implementation of BTMS/ATMS (the Army Training Management System) can only be accomplished by the individual units and the personnel within those units. One area affecting the implementation is the ability of a higher headquarters to understand, work with, and provide guidance to subordinate units.

4. To help correct this problem and assist higher headquarters, RG Seneca developed a program entitled "Training Management for Headquarters Above Battalion". This program has been presented to the Division Command Group, Division Staff, and all Major Subordinate Commands (less USAR Schools). The program continues to be available thru the SAMP.

FACT SHEET

AFKA-GCD-GC

Action Officer: MAJ Bills
Telephone: Ext 234
Date: 8 October 1982

SUBJECT: OTE (Office of Training Evaluation) Visits

PURPOSE: To provide information on OTE inspections

FACTS:

1. OTE visits are conducted unannounced and look into six functional areas as follows:

- a. Conduct of Training.
- b. Training Management.
- c. Yearly Training Program (YTP).
- d. Leadership.
- e. MOS Qualification Programs.
- f. Appearance of Personnel.

2. During a recent 12-month period, nineteen (19) 98th Division (Training) units received an OTE inspection. Seven of these units failed to meet standard in the YTP area and seven units (not necessarily the same seven) failed to meet standard in the MOS Qualification Program area.

3. The main reason that units fail to meet standards in the YTP is that the document is not functional. The YTP is not functional if it was not developed based upon the training needs and status of the unit, i.e., Unit Analysis. Also, the YTP is not functional if it is not being used or followed by the unit. It is relatively easy for an OTE inspector to determine if the YTP is a useful/functional document or just a piece of paper that was prepared to "punch a ticket".

4. In evaluating unit MOS Qualification Programs, OTE concerns itself with unit personnel who are not 5-digit MOS qualified. The OTE inspector investigates the unit's identification of nonqualified personnel, enrollment in qualification programs, and documentation of progress. Identification of nonqualified personnel is accomplished on the unit's IAA Form 143. Enrollment in programs could include USAR Schools, correspondence courses, unit training programs, etc. Documentation of progress can be accomplished within a formalized SOJT program or, more simply, a JOB BOOK. The lack of a JOB BOOK (either published or locally produced) with current entries causes many units to receive a "did not meet standards" rating.

FACT SHEET

AFKA-GCD-GC

Action Officer: SFC Miles
Telephone: Ext 237
Date: 8 October 1982

SUBJECT: Refinements to SQT

PURPOSE: To inform personnel of refinements and changes to the SQT Program

FACTS:

1. The SQT program is here to stay and, while being refined, will continue to provide personnel management and training feedback.
2. Implementation of the refinements to the SQT program will begin in early TY 83. Administration of SQT will continue.
3. SQT refinements will divide evaluation into two parts. First, commanders will be provided individual checklist which can be used to conduct year-round informal hands-on evaluation on tasks of their choice. Second, soldiers will take an Army-wide written proficiency test on their MOS as well as a separate test on common tasks.
4. Commanders will be able to conduct hands-on evaluation year-round using checklists which will be incorporated into as many Soldiers Manuals as possible.
5. All soldiers will be evaluated annually on MOS proficiency. More emphasis will need to be placed on year-round individual training as pre-training for test purposes will no longer be supported by a detailed notice. The test notice will consist only of a task list.
6. The annual test will be less burdensome. Written test will be given during a three month period. The written tests will be directly related to actual task performance.
7. All soldiers will take a common task SQT, to include a HOC, annually. Administration of the common task SQT may take place any time within the annual test period.

FACT SHEET

AFKA-GCD-GC

Action Officer: SFC Miles
Telephone: Ext 237
Date: 8 October 1982

SUBJECT: SQT Summary Report

PURPOSE: To inform personnel of the SQT Summary Report

FACTS:

1. The SQT Summary Report is sent from Fort Eustis every two months.
2. It is sent to each UIC that has submitted five (5) Mark Sense Forms in the same MOS and skill level during the two month reporting period. The report is sent directly to the address of the UIC without going thru any chain of command. This is done intentionally. Higher headquarters receive reports which include results of subordinate commands. Summary reports don't include Mark Sense Forms sent in marked for training only.
3. It lists the number of soldiers tested, the component and task number, the percent tested and the percent that passed for each task tested.
4. This listing assists the Commander in determining the effectiveness of his training program.

FACT SHEET

AFKA-GCD-GC

Action Officer: MAJ DeMeyer
Telephone: 716-338-7400, ext 233
Date: 5 October 1982

SUBJECT: Headquarters, 98th Division (Training) Command Inspection Program
TY 82 and TY 83

PURPOSE: To advise the Major Subordinate Commands of the status and results of the Command Inspection Program for Headquarters, 98th Division (Tng)

FACTS:

1. The following Command Inspections were conducted during TY 82, with the following overall evaluations:

<u>UNIT</u>	<u>DATE</u>	<u>OVERALL EVALUATION</u>
Third Brigade	17 October 1981	Satisfactory
First Brigade	15 November 1981	"
359th Signal Group	19 December 1981	"
Headquarters Command	24 January 1982	"
Second Brigade	31 January 1982	"
1159th USAR School	22 February 1982	"
Fourth Brigade	13 March 1982	"
Training Command	14 March 1982	"
1157th USAR School	14 March 1982	"
1151st USAR School	23 March 1982	"
1209th USAG	3 April 1982	"

2. Command Inspections for TY 83 will be conducted for Major Subordinate Commands as follows, with final dates coordinated with unit drill dates:

<u>UNIT</u>	<u>DATE</u>
Third Brigade	17 October 1982
359th Signal Group	20 November 1982
First Brigade	21 November 1982
Second Brigade	January 1983
1157th USAR School	January 1983
1209th USAG	February 1983
1159th USAR School	February 1983
Fourth Brigade	March 1983
Training Command	March 1983
1151st USAR School	March 1983

3. Due to the proposed elimination of Headquarters Command, they are not scheduled for a Command Inspection.

4. The ten (1) most recurring deficiencies found during the TY 82 Command Inspection Program are listed at Inclosure 1.

FACT SHEET

AFKA-GCD-GD

Action Officer: Mr. Sheriff
Telephone: 338-7400/242
Date: 12 October 1982

SUBJECT: Organizational Clothing & Individual Equipment (OCIE) Shortages

PURPOSE: To insure that our early deploying forces (C to C15) are outfitted first

FACTS:

1. The following C to C15 units have less than half of their OCIE on hand:

- 1018th S&S Co.
- 1019th S&S Co.
- 401st CA Co.
- 409th Pers Svc Co.
- 309th Ord Co.
- 692d Sig Co.

2. The following units of the organic 98th Div have less than half of their OCIE on hand.

- HHC, 98th Div (Tng)
- Tng Cmd. 98th Div (Tng)
- 4th Brigade (CST), 98th Div (Tng)

3. The 4th Brigade (CST) has less than 25% of their authorized OCIE and would not be able to perform a FTX, CPX of any kind.

4. This section is holding unfinanced demands for all units and as soon as funds are available, will release them based on unit priority.

Date: 14 October 1982

SUBJECT: 98th Division Food Service Program

PURPOSE: Provide the Commander with a status of the 98th Division Food Service Program

FACTS:

1. Major Areas of Concern:

a. DA Form 2970 - Quarterly Subsistence Report, submitted quarterly (Jan, Apr, Jul and Oct), reflects the monetary status of all units drawing rations within the 98th Div (Tng) (TAB A indicates status for 1st, 2d and 3d Quarters).

b. Ration Requests: Units required to request meals 60 days prior to scheduled MUTA with appropriate forms to correspond with requirements from support installations (TAB B).

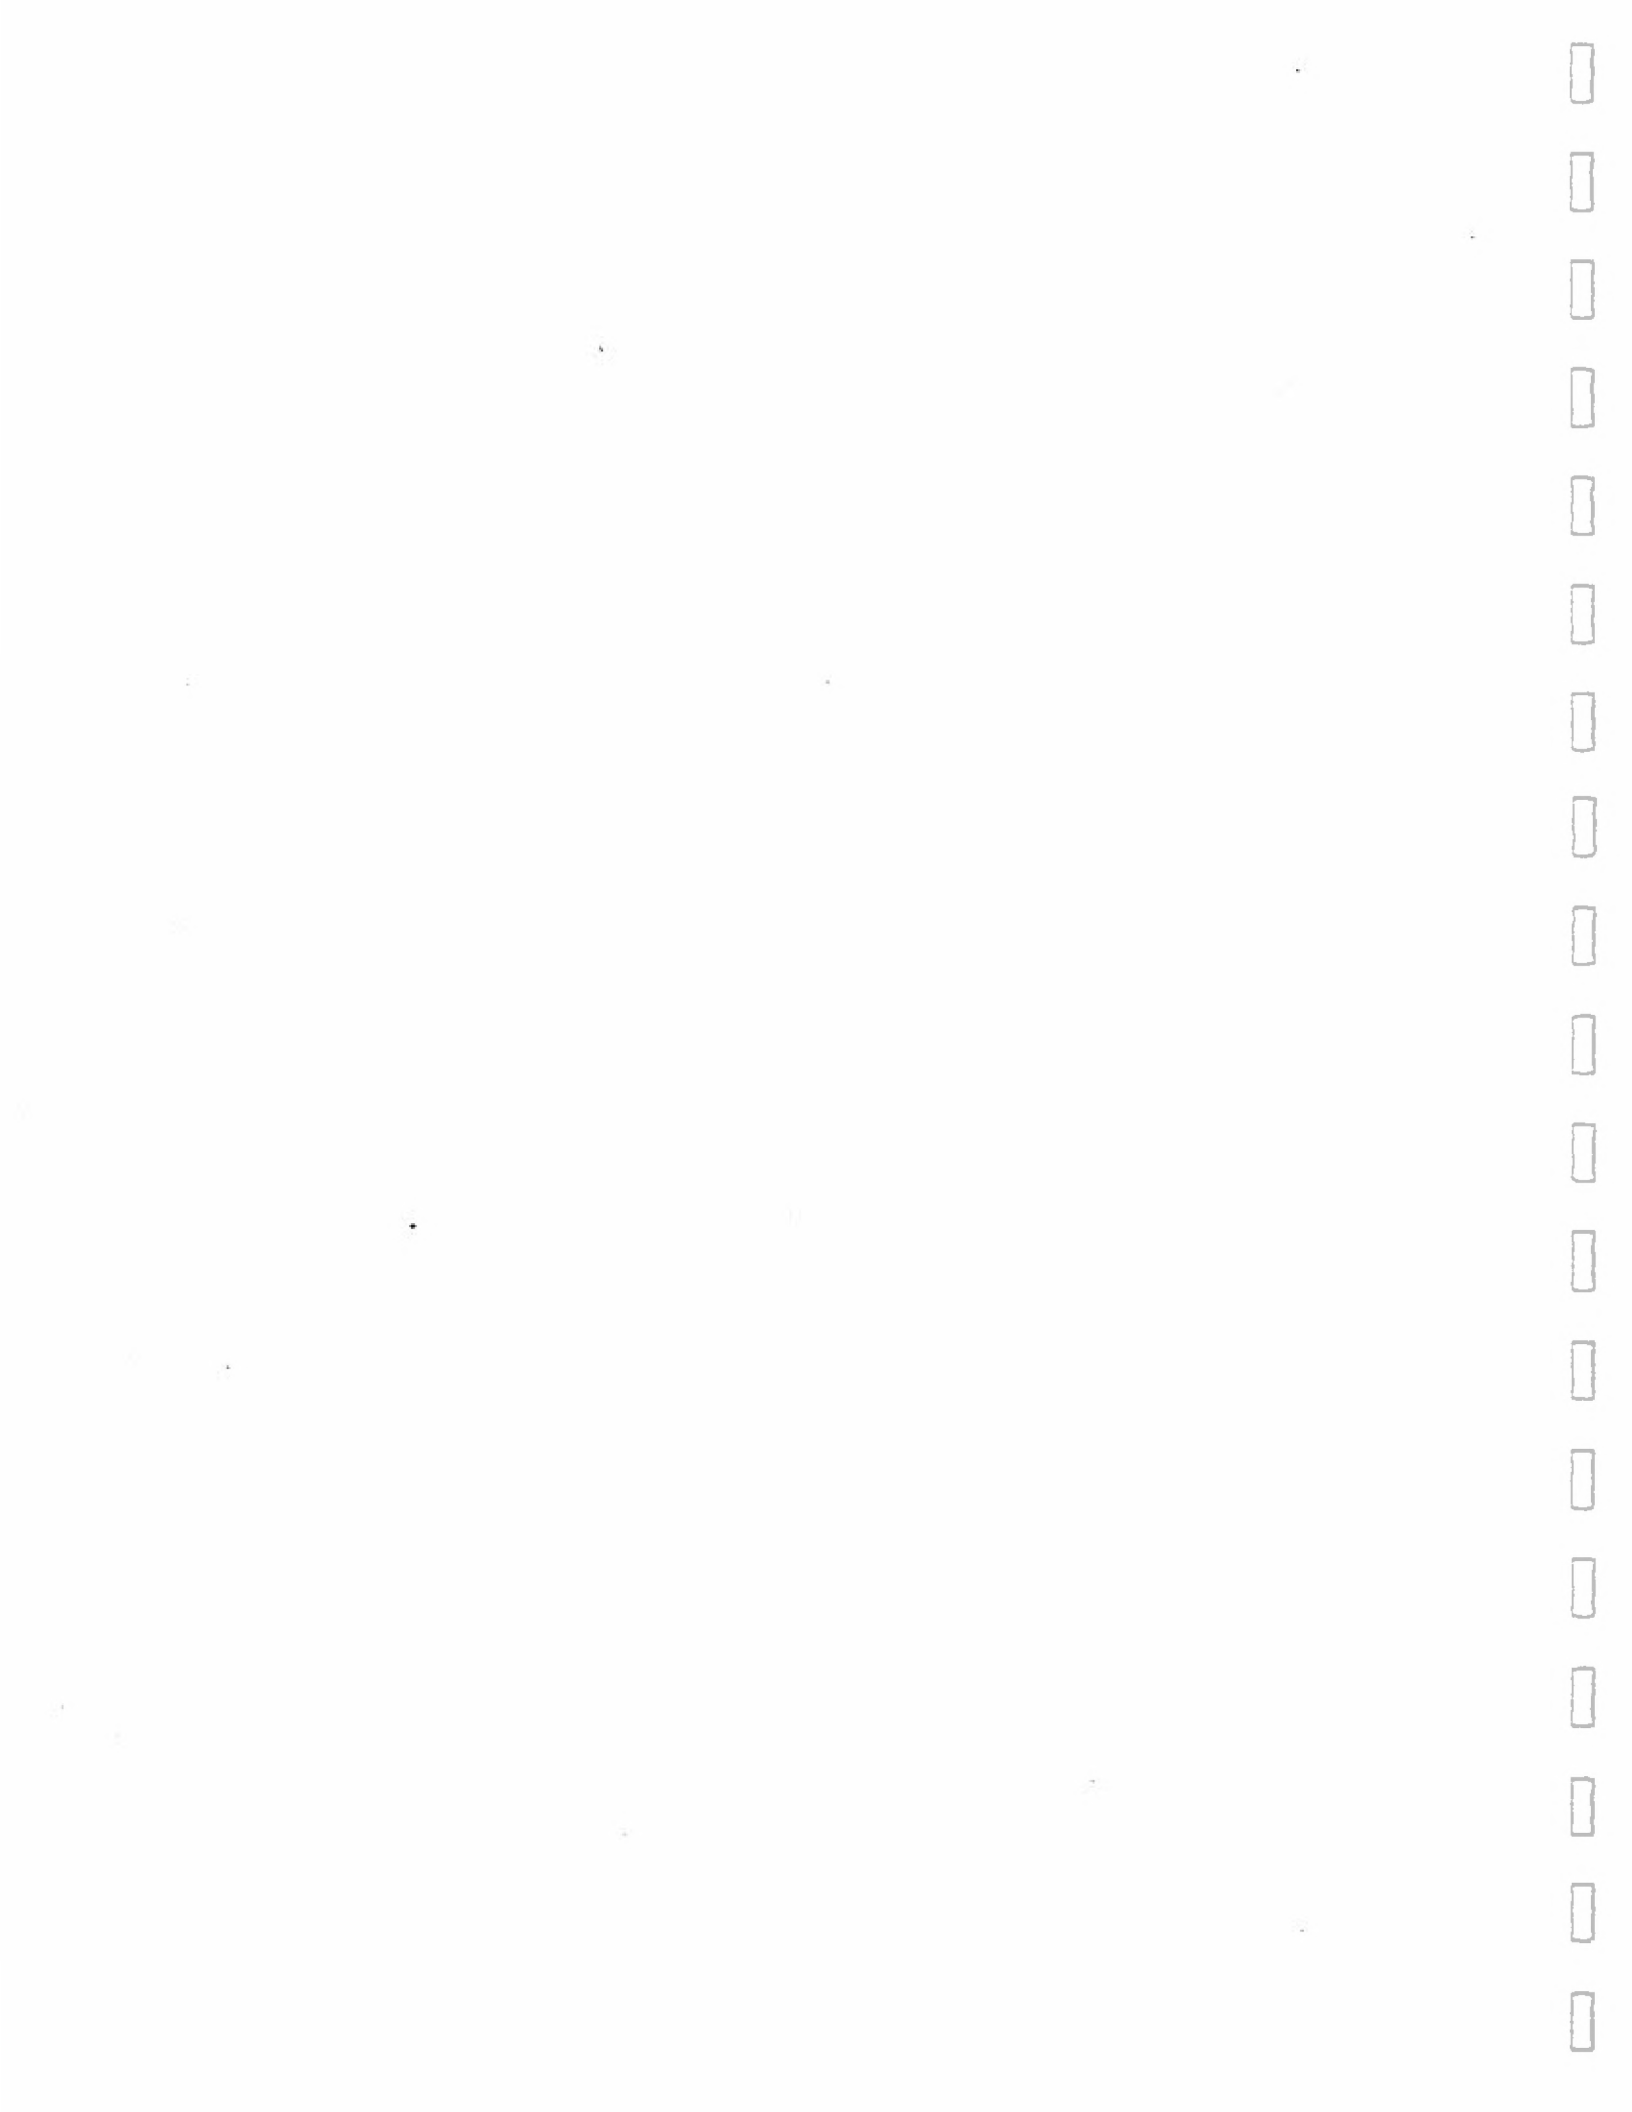

(1) Current Forms: (DA 2970, DA 3161, DD 3953 and AF 287)

(2) Current Meal/Issue Reference: SB 10-263

c. Semi-Annual Review of Dining Facility Accounts - Reviews are required for periods Oct-Mar and Apr-Sep must be completed within 60 days after close of review period (Status at TAB B).

2. Quarterly DA Forms 2970's: For first three quarters during FY82 indicate units have continued to manage were within allowable percentages.

RATION REQUESTS:

Majority of units are utilizing correct forms for ordering meals. Primary concern is with units on Local Purchase, Approximately 40% (9 of 22) are not using DD Form 3953.

Units have continued to improve their ration request procedures with regard to issue factors and correct meals. Problem still remains in that submissions of ration requests are still a concern, late requests have been averaging 30-35%

SEMI ANNUAL REVIEWS: 29 of 56 units have reported.

The following is a listing of units that have not reported:

SUBJECT: Maintenance

PURPOSE: To inform Commanders at all levels of the current maintenance posture of the Division

FACTS:

1. Indications by Staff Visits, CLRT and LAAT Inspections, reflect that PMCS is still not being performed.

a. The following units of the 359th Signal Group are substandard and need immediate attention:

401st Civil Affairs Company

692d Signal Company

962d Ordnance Company

2. The Materiel Condition Status Report (DA Form 2406) continues to have many errors. Use of the LOI dated 16 Jul 81 must be adhered to.

3. To 40% Organization Maintenance mandated by MG Rappl is not being accomplished by many units. It is imperative that more organizational maintenance be performed at unit level.

SUBJECT: Maintenance Top "20" Program

PURPOSE: To improve the maintenance posture of the Division

FACTS:

1. The Top "20" Program is a report from the AMSA's to 98th Division Headquarters with a listing of 20 items of equipment that are over 180 days of downtime. The unit involved, item of equipment, reason, number of non-available days, days deadlined, job order, date submitted to AMSA or SMA, nomenclature of parts, priority, NSN of part requisition, and estimated completion date. As items of equipment are brought back into service, equipment over 180 days is added.
2. In May 1982 there were 68 pieces of equipment in the Division over 180 days deadlined. As of 1 October 1982 all of the original pieces of equipment are off the program and replaced with other items. To date, approximately 105 pieces of equipment have been returned to service.
3. In December 1982 this program will be implemented in the major subordinate commands. It will show the commander what items of his equipment are over 180 days deadlined, and follow up action should be taken to expedite the repairs.
4. An LOI will explain in detail how the program works to benefit the commander.

SUBJECT: Processing 98th Division Transportation Requests

PURPOSE:

Provide direction and support to the 98th Division Units requiring commercial transportation for movement to and from IDT/AT/Mobilization Sites

FACTS:

1. Annex F, 98th Div Cir 350-4 has been updated through Sep 82 to include changes to DD Form 1287 (Request for Commercial Transportation) in accordance with Fort Drum Transportation SOP.
2. 90% of the Unit Movement Plans arrived at this headquarters within the 90 day requirement.
3. Transportation Section monitors the Division Annual Training Schedule and notified units directly when suspense dates are overdue.
4. Division reviews all DD Form 1287 for accuracy. Coordinates with all other sections (G3, Food Svc, Maint, RM, Finance, etc) to insure all requirements are completed on time and forwards the completed package to Fort Drum.
5. Major Subordinate Commands are still not reviewing requests for commercial transportation from subordinate units, only forwarding them on to this headquarters. This is evident via numbers and types of reoccurring errors found. (Meal Cards for Officers, Movement dates, etc.)
6. The G-4 MOBEX 83 workshop analysis determined 90% of the MOBEX units had not implemented the changes within the 98th Division (Tng) Mobilization Plan. It is estimated that the percentage throughout the Division is probably the same.
7. Transportation Officer in conjunction with the G-4 will update the transportation section of the division mobilization plan to clarify problem areas and will attend mobilization workshops to insure subordinate units implement the plans.

SUBJECT: Division Operator Testing/Licensing Program

PURPOSE: To inform the Command/Staff on the status of the program.

FACTS:

1. On 1 October 1982 Major Subordinate Commands assumed Testing/Licensing within the guidelines of 98th Div Cir 600-55. Responsibility for the program is under the supervision of the ACoS, G-4.
2. Major Subordinate Commanders (MSC) are responsible for developing and funding the implementation. Division has funded for the G-4 Evaluators.
3. A Division G-4 Evaluator must be present to evaluate and approve all testing. A special stamp will be utilized by the division evaluator to signify correct procedures were followed.
4. Most MSC's have not planned/scheduled testing for October, November, December 1982 nor the 2d Quarter FY83. This lumps all testing in the 3d/4th Quarter FY83 which may result in Division being unable to support their requirements.
5. Operator training is to be added to all the YTP of all units.
6. MSC's are responsible to report at the end of each Quarter, Testing Statistics to the G-4.
7. 98th Division Circular 600-55 will be updated in January 1983 based on the first three months input from MSC's.

SUBJECT: Inspector General Activities

PURPOSE: Provide Major Subordinate Commands Information Concerning the General Inspection and Other Inspector General Data

FACTS:

1. Current General Inspection Cycle spans 18 months (1 Oct 82 to 31 Mar 84).
2. First US Army IG inspects 65% of 98th Div (Tng) units from 7 Dec 82 to 14 Apr 83.
3. 98th Div (Tng) IG with the assistance of 1209th USAG IG inspects 35% of 98th Div (Tng) units from 16 Oct 82 to 18 Mar 83.
4. Previous General Inspection results point out areas for intensive management.
5. First US Army Pamphlet 20-1, Unit Commanders Guide, dated October 1982 contains areas of emphasis.
6. 98th Div (Tng) Pamphlet 20-1 dated 20 August 1982 contains information for units undergoing General Inspections.
7. Inspection Report of corrective action from Major Subordinate Commands will be forwarded to First US Army through 98th Div (Tng).
8. Other Inspection Reports of corrective action will be forwarded to 98th Div (Tng). First US Army will be provided an information copy.

SUBJECT: Pre-Mobilization Legal Counseling

PURPOSE: Provide Information to Commanders about pre-mobilization legal counseling

FACTS:

1. The requirement to provide pre-mobilization legal counseling has been established by AR 135-300, supplemented by FORSCOM and First Army letters.
2. Goals: First Army objective is 100% of all units and 85% of assigned strength annually.
3. All 98th Div. units and upstate 77th Arcom units are counseled by JAGC officers of the 1209th USAG (Eastern Region), 98th Div. SJA (Central Region) and 402d CA Co. (Western Region). This counseling must be given by a commissioned JAGC officer.
4. The program consists of a three hour session covering the following subjects:
 - a. Wills
 - b. Powers of Attorney
 - c. Personal Planning
 - d. Soldiers and Sailors Civil Relief Act
5. Scheduling must be requested by the unit commander in writing to the 98th Div. SJA for assignment of personnel and in sufficient time to allow for conflicts of schedules. Upon completion of the counseling, a report as to date given, assigned strength and number of attendees must be sent to the 98th Div. SJA. The request and the report must list all units in attendance and their individual strength. Attendance is mandatory for all personnel.

Telephone: 716-338-7400/269
Date: 13 October 1982

SUBJECT: Energy Conservation

PURPOSE: To provide commanders with status of Facilities energy/fuel consumption within the command.

FACTS:

1. Facility Energy Consumption within the Command For FY82 thru August is as follows:

ELECTRICITY: 2.5%+ over FY82 projection; total consumption to date is 0.9%+ less than FY81 thru August.

FUEL OIL: 5.9%+ over FY82 projection; total consumption to date is 15.5%+ more than FY81 thru August.

NATURAL GAS: 12.7%+ over FY82 projections; total consumption to date is 24%+ more than FY81 thru August.

LPG: 5.4%+ less than FY82 projection; total consumption to date is 324%+ more than FY81 thru August. (656CCF used FY'81, 2126 CCF used FY'82)

2. There are 30 USAR Centers within the Command that have energy/fuel consumption reportable to the support installation, Ft. Drum. Remaining centers are leased facilities which have utilities costs included in their annual lease fee. OF the 30 reportable centers, 4 centers are within projected guidelines for FY 82 to date, 23 are exceeding projections and 5 centers will have new Baselines established due to expanded areas, recent acquisitions of new/different USARCs or, as in the case of Horseheads, conversion from Fuel Oil to Coal as a main source of heating fuel.

3. IAW Presidential Directives & DOD/DA Requirements, projections for FY83 will take into account another 5% reduction from Baseline figures established for all USARCs.

4. Since we may be faced with another colder than usual winter season center commanders must pay particular attention to energy conservation measures in order to meet goals established as well as provide a reasonably comfortable atmosphere in which to accomplish your mission.

5. Energy Consumption for FY83 will be monitored as in the past with Command emphasis placed upon maintaining goals established for the Division.

Date: 12 October 1982

SUBJECT: Indoor Rifle Ranges

PURPOSE: To update the command on status of indoor rifle ranges in the 98th Division and on the program's for their upgrade to a "safe" standard.

FACTS:

1. TRADOC developed a comprehensive safety specification and checklist for indoor rifle ranges in our USARC's. An FE survey of our 13-ranges per this standard was completed in April 1982.

Attached is the results of this survey, their certification, limitations, and current status.

3. Two center ranges are considered "unsafe" and are closed for safety reasons: Watertown and Penn Yan.

4. The Liverpool Range was permanently diverted to other use.

5. Projects for alteration and upgrade at Mattydale, Schenectady, Watertown, and Tonawanda are to be let for contract in April 1983, with completion anticipated by December, 1983.

6. Projects for alteration and upgrade of Penn Yan and Corning anticipated for completion in FY83.

STATUS OF RANGE SUMMARY

<u>LOCATION</u>	<u>CERTIFIED AS</u>	<u>AMMUNITION CALIBER LIMITATION</u>	<u>PRESENT USE</u>
Amherst (Buffalo)	Safe	22	Open
Canandaigua	Safe	22, 38, & 45	Open
Canton	Safe	22, 38, & 45	Open
Corning	Limited	22, 38, & 45	Open
Liverpool	Limited	22	Closed
Mattydale	Limited	22	Open
Penn Yan	<u>Unsafe</u>	22, 38, & 45	Closed
Rochester	Safe	22, 38, & 45	Open
Schenectady	Limited	22	Closed
Tonawanda	Limited	22	Open
Utica	Safe	22, 38, & 45	Open
Watertown	<u>Unsafe</u>	22	Closed
Wayland	Safe	22, 38, & 45	Open

Temporary diversion of the Schenectady & Watertown ranges for storage of CDE & CWE equipment will be rectified with delivery of Security caging to convert drill hall space to storage areas and use of WET site warehousing in Schenectady and Binghamton.

Date: 12 October 1982

SUBJECT: MAJOR MILITARY CONSTRUCTION (MCAR)

PURPOSE: To update projects programmed in current 5-year construction program and to review 98th Division Priority List for long range MCAR projects.

FACTS:

1. Attached is the current 98th Division MCAR 5 year program and long range priorities. Priorities #1 thru #6 are recommended by OCAR for implementation by FY88. All priorities following #6 are subject to modification with minimal impact on planned construction program.
2. During the last year, priorities for MCAR in Glens Falls and Jamestown have been upgraded and priorities for Norwich and Olean have been lowered.
3. OCAR continues to emphasize that construction/renovation of 100 man centers or larger will receive more attention and priority than 60 man centers. Based on this criteria, it will be difficult to maintain the Division's priority on replacement of the Norwich leasehold with new construction.
4. FE, 98th Division, continues striving to improve current leasehold Facilities for USARC's.
 - a. Relocation of Norwich nears completion.
 - b. Relocation of East Palmyra in process (June 84).
 - c. Relocation of Jamestown on hold.
 - d. Relocation of Horseheads on hold.
